

PUBLIC NOTICE

A committee of the Planning Board is holding a Public Meeting on October 8, 2008 at the Wilton Town Hall Meeting Room at 7:30 PM.

The Planning Board designated a committee to look at the merits of a zoning amendment for Transfer of Development Rights (TDR) for a portion of Wilton, which is permitted under RSA 674:21. A draft ordinance was presented to the Planning Board for consideration, by a resident, at a recent meeting. The committee will hold properly noticed meetings at its discretion to consider the draft amendment and/or alternative language and report back to the Planning Board prior to Town meeting whether to put forward some form of a TDR ordinance to the voters. A public hearing and Planning Board approval is required or a Petition Warrant Article legally submitted before a question would be placed on the Town Meeting ballot.

This is a public meeting under RSA 91-A:2 and is open to the public. A copy of the proposed draft ordinance is available during business hours at the Town Clerks office. Minutes of the committee meeting shall be available for public inspection as required by NH statute.
